### **DETAILED ACTION**

1. This office action is in response to an amendment filed November 17, 2009. Claims 1-14, 16-27 and 29-50 were pending, with claims 16-27 and 29-39 withdrawn from consideration. Claims 40-49 were previously indicated as allowed. Applicants amended claims 1 and 51.
2. Applicants' amendments overcame all of the previously presented rejections, therefore the previously examined claims 1, 5-14 and 40-52 are allowed. In view of the allowability of these claims, all of the previously withdrawn claims are rejoined with the allowed claims. The allowed claims are therefore 1, 5-14, 15-27 and 29-52.

### ***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance: Applicants' invention is a composition comprising a fluorophore compound comprising a fluorophore group and fluorescence quenching leaving group, where the fluorescence quenching leaving group contains a sulphur atom bonded to three oxygen atoms and a carbon chain. No references were found teaching or suggesting a unimolecular fluorophore compound having these properties. The claims are restricted to this interpretation by the decision of the Board of Appeals dated June 11, 2008.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
